CRS Resources Home

This is the temporary location of the CRS Resources webpage. This website is provided for webinar participants, users groups, and CRS coordinators to obtain reference materials related to ongoing refinements of the CRS. Here you will find CRS guidance documents, worksheets, and tools relevant to the activities to be credited under the New CRS Coordinator’s Manual.

Use the menu above to find resources organized by CRS Activity.

Download the 2013 CRS Coordinator’s Manual

New communities can click here to find the CRS application and Quick Check.
CRS Observations and Challenges

What can you do as EM staff:

- Publicity*
- Flood Warning Program*
- Host User Group*
- Local Mitigation Strategy (LMS)*
CRS OBSERVATIONS AND CHALLENGES

610 – Flood Warning
Threat recognition = 75
Warning = 75
Operations = 115
Critical Facilities = 75
Keep an open mind -

Alert Notification (non-tropical)

Flood-prone mapping
  SFHA
  Low – lying areas
  storm surge-riverine

Dam Safety ........
CRS OBSERVATIONS AND CHALLENGES
The Certified Floodplain Manager (CFM)

- A national program for professional certification of floodplain managers.

- Continuing education and professional development via training and access to other CFM’s experience.

- Certification displays to citizens that highly qualified individuals are available to meet the challenge of breaking the damage cycle and stopping its negative drain on the nation’s human, financial, and natural resources.
