- **Contract Process**
  - A Request for Preview Form is completed and sent to the programmatic reviewers. If there is a Training and Exercise piece the request is then sent to the Training and Exercise section for review and approval.
  - If returned “Not Approved”, contact is made to the recipient to provide additional information.
  - Once information is received, it is sent back to the programmatic reviewers.
  - If returned “Approved”, the program manager has to review and approve payment.
  - It is then routed for Division Approval.
  - It is then routed to Finance and Accounting for payment.

Good Morning All,

With the recent Audit, there has been some confusion as to the back-up documentation required of the subgrantees. The confusion is holding up the reimbursement process. Please review the following categories and then disburse this email to your subgrantees to expedite the reimbursement process. Each category of the Budget Detail Worksheet (BDW) has a description of what documentation is required to receive an approved Reimbursement Request. The subgrantee can follow along with their individual BDW to determine what categories relate to their grant and what proper documentation is required. We are hoping for a better turnaround time on all reimbursement requests.

The following is a list broken out by the Budget Detail Worksheet detailing the proper back-up information that must accompany any Reimbursement Request:

**PLANNING**: Please find the corresponding letter to understand what back-up documentation is required.

- **A.** For salaries charged, please provide information describing what has been accomplished and provide a copy of the plans once the grant is complete.
- **B.** For materials purchased to conduct a planning activities please submit purchase orders and receipts and/or canceled checks. For conferences and facilities, please provide documentation describing the purpose of the conference and receipts.
- **C.** For travel, please provide the destination and present receipts and a sign-in sheet of the conferences each individual attended.
- **D.** When dealing with Outreach and Volunteer programs please provide a description of the activities conducted and proper documentation to capture those activities.
