Coronavirus: cases and laboratory testing over time

Data verified as of Apr 20, 2020 at 5 PM

Data in this report are provisional and subject to change.

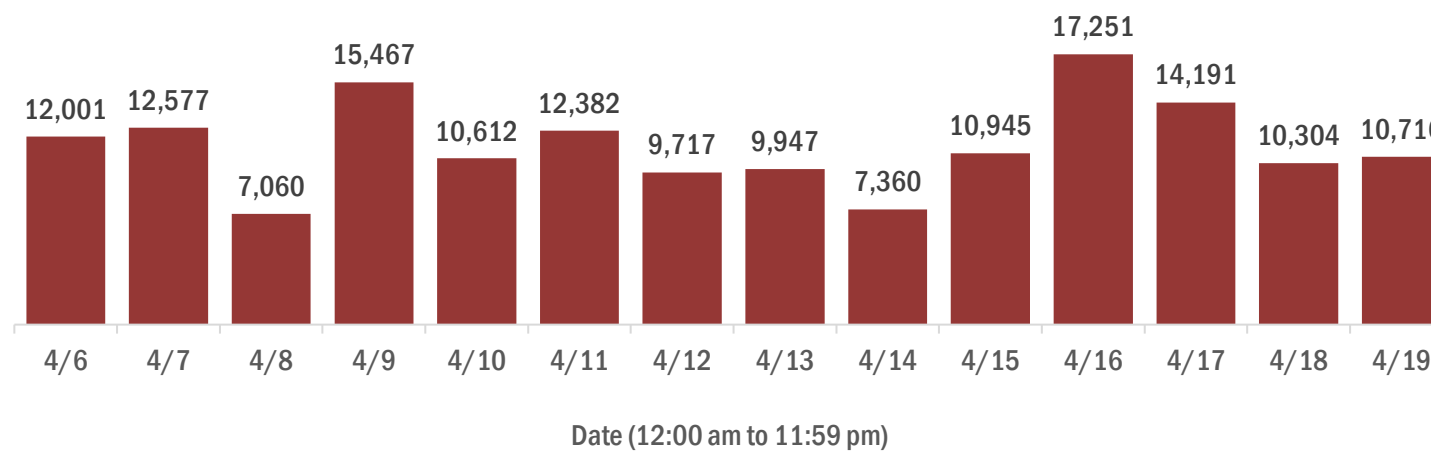

Cases confirmed in Florida residents per day for the past 2 weeks

Laboratory testing for Florida residents and non-Florida residents over the past 2 weeks

Number of people tested per day

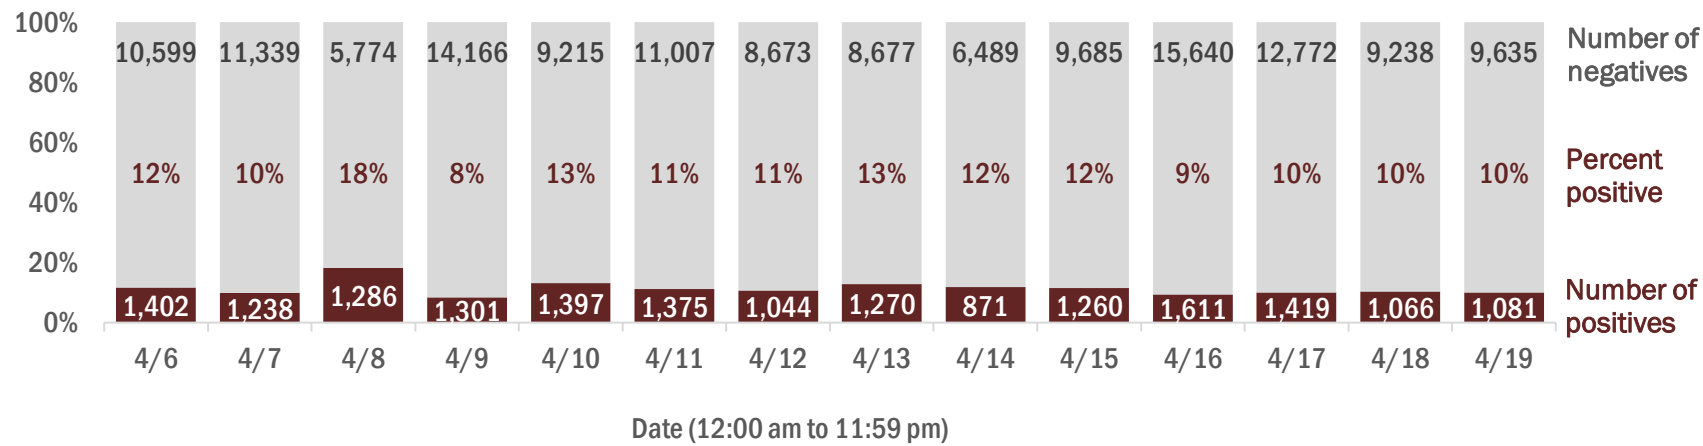

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received.

Number and percent of positive labs

The percent of positive results ranged from 8% to 18% over the past 2 weeks and was 10% yesterday.

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.

Number and percent of positive labs

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.
